

## Landscaping & Building Projects

Handy with a paint brush? Have an eye for landscaping? Or do you just like rolling up your sleeves and working with a group? Do we have opportunities for you! Bashor Children's Home is located on a beautiful piece of land located on County Road 15 - in Goshen, IN. Our campus is set up on 160 acres with residential cottages, alternative school, recreational ropes course, and a fishing pond. Volunteers are needed to help keep our grounds and buildings looking beautiful and a place that feels like home to the children we serve.

If your business is looking for a way to get involved in the community contact Lori Harrington at 574-875-5117 or [lharrington@bashor.org](mailto:lharrington@bashor.org). No project is too BIG or too small, we appreciate each and every volunteer that comes to make Bashor a better place for the community.
