

Recreational Activities

Do you love the great outdoors, enjoy physical activities or have coaching experience? Bashor Children's Home is looking for volunteers to help in our Recreational Department! Recreation is a vital program to the children we serve at Bashor and we feel that it one of the best ways volunteers can get involved. The mission of Bashor Recreation is to provide exciting, experiential opportunities that focus on developing and strengthening relationships, leadership skills, teamwork, individual awareness, problem solving, communication skills, and self-esteem. This is accomplished in a supportive, non-competitive environment which emphasizes effort rather than performance.

If you are interested in volunteering within Bashor Recreational Services, please contact Lori Harrington at 574-875-5117 or lharrington@bashor.org.
